

From the Sellers.....

When we first visited 89 Riverview Gardens 4 ½ years ago it was love at first sight. For our Family, our home is extremely important. It must be welcoming, charming and comfortable. Riverview Gardens has all of these qualities. It is the perfect home.

We will miss many things about this house. The view of the Humber River Valley from the master bedroom. The birds singing in our back yard. Lighting a fire in the living room on a cold winter's night. Backyard family BBQ's on the deck. The finished basement for our Family and guests to spend the weekend. Enjoying the sunset and the nature from our front lawn while sitting in our Adirondack chairs. Living on a quiet cul-de-sac with no pass through traffic for cars. A quick walk to Bloor West Village to enjoy the many restaurants, pubs, shops and bakeries. The convenience of the TTC nearby. Being so close to the Humber River trail system to ride our bikes and enjoy the outdoors.

We will miss all of this very much. We wish the new owners the same amazing experiences and memories afforded to us at 89 Riverview Gardens. This home is filled with a lot of love.

Sincerely,

Marco and Cecilia
